Legend

#DP = total number of drawers (i.e. 4DP = four drawer pack)

4DP## = nominal finished width of drawer pack (i.e. #DP22 = 22" wide drawer pack body)
 Note: subtract 3-1/2" from body width to determine usable width of drawer

4DP22## = nominal finished depth of drawer pack (i.e. #DP##18 = 18" deep drawer pack body)
 Note: subtract 2" from body depth to determine usable length of drawer

4DP2218x#### = depth of each drawer from top (i.e.: 4DP2218x4448 = 3 – 4"d & 1 – 8"d)
 Note: minimum depth of drawer is 3"
